

SKYLIGHT MID-30 INTENSE SKYLIGHT MID-30R INTENSE

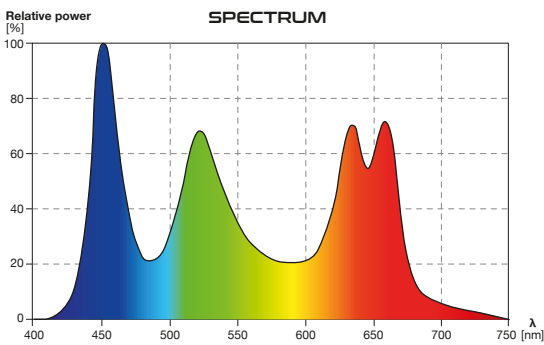

MID-30R

MID-30

Bring more **colour**
to your **planted** vivarium!

FEATURES

LOW HEAT

INTENSE COLOURS

PHOTOSYNTHETICALLY ACTIVE RADIATION

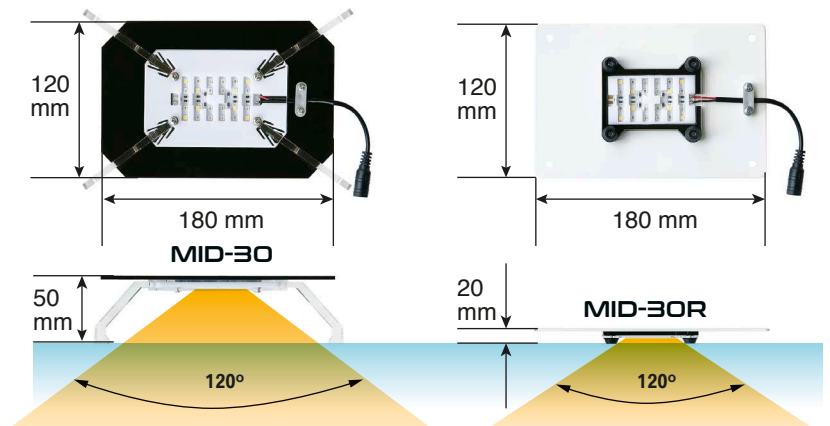

DIMMABLE

The **SKYLIGHT MID-30 INTENSE** and **SKYLIGHT MID-30R INTENSE** (rack version) lamps were designed in a very different way, than other vivarium/terrarium dedicated lighting products. Majority of available vivarium lamps are oriented around high brightness. In some more advanced lamps like SKYLIGHT PRO, brightness is somewhat compromised for high colour rendering index (CRI). In MID-30 and MID-30R INTENSE both mentioned above parameters are compromised to achieve one ultimate goal - vivid, intense colours. Large portion of deep red light in the spectrum triggers phytochromes of plants to produce colourful protective pigments, while RGB based spectrum of the lamp allows the user to see his planted terrarium with deeper, more intense coloration. Additionally the side glaring has been brought to the minimum in this product making looking on your vivarium a pure pleasure!

PARAMETERS

Power rating:	9,6 W
Luminous flux:	800 lm
Colour temperature:	7000 K
CRI:	70
Voltage rating:	12 V DC
Current rating:	800 mA

CONFIGURATION

Recommended for terrarium dimension:

	30	60	90	120	180
Width [cm]	30	60	90	120	180
Depth [cm]	30	45	45	45	45
Height [cm]	45	60	60	60	60

	1 X	2 X	3 X	4 X	6 X
SET of MID30:					
Accessories included:					
Cables	----				
Power supply
